Career Objective

I am a marketing enthusiast who is looking for an opportunity to be around like minded people, work with them and learn on the process.

About me

I like to believe that I am a “**curious**” business student who takes interest in more than one particular criterion.

- ❖ As a “**marketing enthusiast**”, I am interested in analyzing the current market, understanding consumer behavior and designing promotional and marketing activities accordingly.
- ❖ I am curious about **digital marketing** and want to **understand it better**. I believe the best way to understand something is to learn about it and simultaneously practicing it on field.
- ❖ I am passionate about working towards the **social inequality** problem of Bangladesh and someday dream of **bridging the gap** between the classes, even if it is by a small amount.
- ❖ In short, I am a **curious** individual has an appetite for **learning new things and applying them** to cause an effective change.
